

VitalSource® Analytics

See What Your Data Can Do

Meet the ever-evolving needs of customers by leveraging powerful data and insights at your fingertips.

The VitalSource Engagement Dashboard allows organizations to:

- ✔ Sort data by date range and user
- ✔ Review book-specific engagement details
- ✔ Monitor trends in engagement (page views, user activity, average session length, etc.)

Trends

See trends in overall user engagement and filter by the type of data you're looking for.

Filter data by course, ISBN #, instructor, title, learner, and publisher.

View engagement data in a specific timeframe

See page views, user activity, study sessions, and average session length

Find where learners are engaging with content (online, desktop, mobile)

	Overall	Online	Desktop	Mobile
Page Views	218,424	118,566	19,191	80,667
Students with Activity	1,212	978	112	559
Study Sessions	12,131	7,818	900	3,890
Average Session Length	00:33:51	00:37:03	00:29:04	00:29:22

Discover how to leverage the VitalSource Engagement Dashboard to help your organization stay ahead of customers' needs.
