

Top 5 Reasons Instructors Choose Bookshelf+

Bookshelf+ is a built-in AI study partner that keeps students engaged in the course materials you assign.

1

Grounded in Your Assigned Text: Bookshelf+ lives inside the book you selected for your course, keeping students engaged with assigned content rather than third-party tools.

**2**

Grounded in Research and Expertise: Bookshelf+ is built by VitalSource's in-house Learning Science team and informed by over a decade of published research. It supports only instructor-assigned content, never pulling from outside sources.

**3**

Your Course Stays the Same: Bookshelf+ works with the content you've already assigned. No setup, no changes, and no action required.

**4**

Keep Students Focused and Engaged: Students get timely, relevant support without leaving the course materials or relying on unfamiliar tools.

**5**

Built into the Platform You Already Trust: Bookshelf+ is part of the Bookshelf® experience. No new systems, setup, or extra effort required.
