

# Meet Bookshelf+

A secure, AI-powered study partner that works only with your approved content, directly inside Bookshelf®.

**1**

**You Decide Which Titles Are Included:** Bookshelf+ is enabled only where you allow it. Students engage with our AI-enhanced tools exclusively within Bookshelf, not through outside sources.

**2**

**Foster Deeper Engagement:** Bookshelf+ drives meaningful interaction by keeping students focused on your content. Responses are grounded in the assigned title, all within the secure Bookshelf environment.

**3**

**New Value, New Revenue:** Bring guided self-study, concept exploration, flashcards, and natural voice read aloud to your titles, creating new ways to support students and drive revenue.

**4**

**Support Learning Without Content Changes:** Bookshelf+ helps students engage more deeply with your content. No outside sources, no content changes, and no extra tools required.

**5**

**Powered by a Platform You Trust:** Bookshelf+ operates securely within the Bookshelf platform. Your content stays protected and is never exposed to open AI models.

Trusted. Grounded in Learning Science. Built for Today's Learner.
