

Top 5 Reasons Why Institutions Choose Bookshelf+

Bookshelf+ is a built-in AI study partner that keeps students engaged in the course materials instructors assign.

1

AI That Stays in the Course Materials: Bookshelf+ lives inside the materials instructors already assign. Students stay focused without ever leaving the content that matters.

2

Grounded in Trusted Content: Every response is based on instructor-assigned material. No information comes from outside tools or third-party sources.

3

Designed for Integrity & Compliance: Bookshelf+ maintains academic integrity, protects student privacy, and keeps all activity within the trusted Bookshelf platform.

4

Aligned with Instructor Goals: No changes to assigned content or instructional strategy. Bookshelf+ complements instruction and reinforces course design.

5

Scalable & Ready to Use: Already built into the Bookshelf® platform in use across campus. No new systems, logins, or integrations required.
